Visas, ...

I welcome, as reasons to decide, the judicious ministerial manifestation of pgs. 103/104.

The company Facebook, although regularly summoned, is not complying with the court order, allowing the reiteration of the operation of the group called "Reaja Praia Mole". The permanence of the group has been causing damage to the regular progress of the electoral propaganda and offends the provisions of the Resolution 23,370/2011 - TSE. It is responsibility of the sponsor company's service social network - Facebook , the adoption of technical measures to comply with the court order.

Thus, proven the breach of the injunction, I apply a fine of R\$50,000.00 per day of violation, from the Facebook subpoena to this date - 09.08.2012.

I also determine, under the article. 83 of the Resolution 23,370 / 2011 - TSE, the suspension for 24 (twenty four) hours, of the access to all the information content on the Facebook social network in Brazil (art. 57, I, Law 9,504 / 97), counting the period from the company's notification, keeping on the site only the information that it is blocked because of breach of the electoral law. In case of a new breach, the suspension period will be doubled. Notify up. Enforce it. Fulfill it.

Florianópolis, 08/09/2012.
